2019 Athlete Report East Zone Synchro Emily Ma, Nina Robbe

## Athlete Meeting Notes:

- Overall, levels are not well liked and people don't understand the purpose of them.
- The athletes <u>do not</u> want to separate tech and free routines
  - They believe it will lead to less technical work
  - The purpose of tech routines was to replace figures and this would defeat the purpose of them.
  - Majority of athletes agreed with this
- Athletes suggested requiring tech routines for team, but not smalls.
  - Overall people did not agree with this
- Athletes suggested it would be helpful to make them more like college and want to use a published tech routine.
  - Overall people did not agree with this
- The athletes would like a few things at East Zone meets including:
  - A warm up pool
    - Would have to consider cost of this
    - This would hurt smaller teams who are willing to hold meets but cannot provide a warmup pool
    - Would athletes be willing to pay a larger sponsor fee for this?
  - The ability to deknox
    - Would need to discuss cleaning with athletes
    - We could propose a \$100 fee for de-knoxing that would be refunded if the locker room is cleaned when they leave.
      - Still need to discuss this with athletes
  - Water quality requirements so that the chlorine levels are not too high
  - Louder sound systems
    - Athletes felt that the sound system wasn't loud enough especially during team routines
  - To stay on schedule
  - Lap swims halfway through competitions, unless there is a warm up pool provided
  - Separate Jr. and Sr. Duet competition because of concerns about consistency.
  - They would also like to add in lap swims between Jr. and Sr. competitions
- Athletes also wondered if there was a reason why Jr. teams had to swim free team routines twice even though all the teams would qualify for nationals.
  - Coaches wanted extra practice

## East Zone Caps:

- We are selling them right now
  - o 1 cap for \$12 or 2 caps for \$20
- All funding goes to benefit east zone athletes on national teams and support our zone.
- If coaches and athletes could help spread the word and let teams know that they will be sold at all of the East zone meets this year.
